ABSTRACT

This guide has been developed to provide resources to teachers to address injury prevention in their classrooms. Entries in this guide represent materials which the Injury Prevention Program has identified. Chapters are divided by their target grade and age level. Curricula are listed by the youngest grade which they target. For each entry, information is provided on the target injury, the target grade, a description of the program, support materials, how to obtain further information, cost of the program, and comments. At the end of each chapter is a list of curricula described in earlier chapters. An index cross-references entries by the specific injury areas. A final chapter lists addresses where additional non-curricular materials can be acquired. Curricula listed under early childhood deal with children's pedestrian safety, burns, playground safety, bicycle safety, and spinal cord injuries/traumatic brain injuries. At the elementary level, curricula deal with bicycling safety and health promotion. At the middle school level, curricula focus on managing anger, skills for injury prevention, and stopping violence. At the high school level, the curriculum concentrates on family and dating violence prevention. (NB)

INTRODUCTION

Injuries are the most significant health problem affecting children through adolescence and young adulthood. For children ages 1-19, injuries far exceed cancer and birth defects as the leading cause of death. For 15-19 year olds, injury deaths are four times as likely to occur as those from natural causes. Childhood injuries do not always lead to death; more often they cause expensive hospitalizations or emergency treatment and may lead to long-term disabilities.

Injuries include: motor vehicle crashes, falls, burns, poisonings, drownings, pedestrian and bicycle crashes, sports injuries, homicides, assaults, rapes, child abuse, suicides and suicide attempts. Although unintentional injuries, which are often referred to as "accidents", and violent injuries (e.g., suicide and homicide) are not always thought of as part of the same problem, the damage which they cause to the body is similar. Furthermore, for both intentional and unintentional injuries, contributing factors, such as poverty, alcohol and other drugs, are often the same, and there are some common prevention strategies such as reducing risk taking behavior.

The injuries which are destroying the lives of our youth are preventable through a combination of legislative, technological, and behavioral strategies. We need to change the belief that most injuries are inevitable and to actively address the causes of violence. Many strategies have already proven effective; flame retardant sleepwear, child safety seats, smoke detectors, child resistant medicine bottles, all have reduced injuries to children. Education which changes high risk behaviors, such has drinking and driving, has reduced deaths as well.

HOW TO USE THIS GUIDE

This guide has been developed to provide resources to teachers to address injury prevention in their classrooms. Many curricula have been published which address a wide variety of injuries among children of different ages. Public and private groups have developed materials which can be used in school settings. Entries in this guide represent materials which the Injury Prevention Program has identified to date.

Chapters are divided by their target grade and age level. Curricula are listed by the youngest grade which they target. At the end of each chapter is a list of curricula described in earlier chapters. An index cross-references entries by the specific injury areas. A final chapter lists addresses where additional non-curricular materials can be acquired.

There are undoubtedly more resources available. We hope to keep adding to this guide, and we encourage our readers to inform us about materials to be included by completing the form at the back of the book and returning it to us. We are also interested in hearing specific comments about the curricula which are already listed. The Injury Prevention Program will maintain a file of these materials and plans to issue periodic updates of this guide.

TARGET INJURY: Pedestrian

TARGET GRADE: K - 4

DESCRIPTION:

Children's Pedestrian Safety Campaign focuses on how to be safe pedestrians. It includes six 40 minute lessons, a 15 minute orientation period, and suggested assembly when the course has been completed.

SUPPORT MATERIALS:

Slides and 3 VHS videos, parent/child activity book, posters and flyers, pedestrian rodeo, PTA Guide, PSA.

FURTHER INFORMATION:

Harborview Injury Prevention and Research Center
Lisa Rogers
325 Ninth Avenue
ZX-10
Seattle, WA 98104
(206) 223-3399

COST: Curriculum - $99.00
Parent/Child Activity Book - $25.00
Pedestrian Rodeo - $5.00
PTA Guide - $5.00
Flyer - Sample packet, $2.00

OTHER COMMENTS:

EARLY CHILDHOOD

TARGET INJURY: Burns

TARGET GRADE: Pre-school - 3

DESCRIPTION:

LEARN ABOUT BURNS includes separate age-specific educational packages with complete lesson plans; concept information, behavioral objectives, and activities. Lessons present survival and prevention concepts related to young children's highest burn risks.

SUPPORT MATERIALS:

Brochure, teaching guide and coloring sheet to teach children the "drop, roll, & cool" procedure for clothing ignition fires and "Learn About Burns" color-along activity book are both available in bulk purchase price.

FURTHER INFORMATION:

Burn Foundation
Joanne F. McLaughlin, RN
1128 Walnut Street, Suite 301
Philadelphia, PA 19107
(215) 776-8676

COST: Program Guides - $15.00 per grade

OTHER COMMENTS:

TARGET INJURY: Playground

TARGET GRADE: K-6

DESCRIPTION:

PLAYGROUND PERSPECTIVES, a curriculum guide for promoting playground safety with materials designed to provide background information and teaching resources for a wide variety of environments.

SUPPORT MATERIALS:

A variety of activities range from playground visits, scavenger hunts, mini-field trips, and science education. Video cameras may be used to create suggested skits.

FURTHER INFORMATION:

State of Utah Department of Health
Div. of Family Health Services
Child Injury Prevention Program
Don Mudgett
288 North 1460 West
PO Box 16700
Salt Lake City, UT 84116-0700
(801) 538-6140

COST: Single copy - available at no cost
Multiple copies - $2.00 each

OTHER COMMENTS:

Available for preview/loan from Injury Prevention Program, Rhode Island Dept. of Health, 277-2901.

EARLY CHILDHOOD

TARGET INJURY: Bicycle

TARGET GRADE: K-6

DESCRIPTION:

Project Head First is a head injury and education campaign to teach children and their families the importance of wearing helmets when engaged in high risk activities, and to develop "classroom" discussion of the importance of helmet use.

SUPPORT MATERIALS:

Officer Mike Kelmet (Wears a Bike Helmet) coloring book and the Helmet Zone comic book which foster discussion and parent/guardian follow-through.

FURTHER INFORMATION:

Jackie Ascrizzi
Injury Prevention Program
Rhode Island Department of Health
Room 408 Cannon Bldg.
3 Capitol Hill
Providence, RI 02908
(401) 277-2901

COST: Materials under development; will be available free of charge when completed.

OTHER COMMENTS:

TARGET INJURY: Violence

TARGET GRADE: K-6

DESCRIPTION:

RESOLVING CONFLICT CREATIVELY is a collaborative project of New York City Public Schools and Educators for Social Responsibility. The program focuses on staff development, creative conflict resolutions, and intergroup relations. During the 1992-93 school year, National Educators for Social Responsibility will begin a process of disseminating RCCP to other states across the United States.

SUPPORT MATERIALS:

- Resolving Conflict Creatively curriculum for elementary and secondary grades
- Implementing Peer Mediation Program Teacher's Guide
- Peace in the Home - A parent leadership manual
- Resolving Conflict Creatively Video Program: MAKING A DIFFERENCE, A FISTFUL OF WORDS, AN EYE FOR AN EYE, NAMES CAN REALLY HURT US

FURTHER INFORMATION:

Linda Lantieri
City of New York Public Schools
Resolving Conflict Creatively Program
163 Third Avenue, #239
New York, NY 10003
(212) 260-6290

COST: Negotiable (Includes training)

OTHER COMMENTS:

Descriptive material available for preview at the Injury Prevention Program, RI Dept. of Health, 277-2901.

EARLY CHILDHOOD

TARGET INJURY: Motor Vehicle, Pedestrian, Burns, Poison, Falls/Playground

TARGET GRADE: Pre-School

DESCRIPTION:

SAFE KIDS, a Head Start Manual, provides an injury prevention program to integrate into existing classroom activities with suggestions for conducting safety activities for children and their parents, and methods for program evaluation.

SUPPORT MATERIALS:

Games. Songs, Safety Activities, Guidelines for Parent Injury Prevention Training Classes, Resource Listing of Organizations and Agencies. Guide for Management and Prevention of Injuries to Children.

FURTHER INFORMATION:

Janice Yuwiler
Project Coordinator
California Center for Childhood Injury Prevention
Graduate School of Public Health, MCH Division
San Diego State University
6505 Alvarado Road, Suite 202H
San Diego, CA 92120
(619) 594-3691

This manual may be reproduced with permission, for educational purposes but not for sale or profit.

COST: Manual and Guide - $10.50

OTHER COMMENTS:

Available for preview/loan from the Injury Prevention Program, Rhode Island Dept of Health, 277-2901.

TARGET INJURY: Bicycle, Burns, Eye, Lead Poisoning, Motor Vehicle, First Aid, Latchkey, Poison, Recreation

TARGET GRADE: K - 6

DESCRIPTION:

SAFESCHOOL teaches prevention behaviors. The Teachers Resource Guide describes grade appropriate materials including audio visuals, posters, handouts and curricula.

SUPPORT MATERIALS:

Teachers Resource Guide, media catalog, posters, community resource list and safety handouts for students, teachers, and parents.

FURTHER INFORMATION:

Janet Doherty
Injury Prevention Resource Library
Statewide Comprehensive Injury Prevention Program
Massachusetts Department of Public Health
150 Tremont Street
Boston, MA 02111
(617) 727-1246

COST: $25.00

OTHER COMMENTS:

Available for preview/loan from the Injury Prevention Program, Rhode Island Dept. of Health, 277-2901

EARLY CHILDHOOD

TARGET INJURY: Burns

TARGET GRADE: K - 6

DESCRIPTION:

The SMOKE DETECTIVES fire safety program fits into key subject areas for kindergarten through grade 6. The multi-disciplinary structure enables teachers to use the materials as a means of enhancing basic learning skills, while reinforcing vital fire safety messages.

SUPPORT MATERIALS:

Video (25 min.) and video discussion guide, seasonal activities, activity copy masters, and lesson plans for Language Arts, Social Studies, Math and Science.

FURTHER INFORMATION:

For kits send name, school name, and street address (no P.O. boxes please) to:

Smoke Detectives
P.O. Box 3252
Chicago, IL 60654

COST: No charge upon request on school stationery.

OTHER COMMENTS:

Available for loan from the Injury Prevention Program, Rhode Island Department of Health, 277-2901.

TARGET INJURY: Spinal Cord and Traumatic Brain Injury (Motor Vehicle, Pedestrian, Bicycle, Playground, Sports, Falls, Weapons, Water Safety)

TARGET GRADE: Pre-School - 6

DESCRIPTION:

This curriculum is divided into four modules: Preschool/Kindergarten, Grades 1-2, 3-4, and 5-6. Each unit includes Lifestyle Goals, Learning Objectives, and Unit Activities.

SUPPORT MATERIALS:

Activities, Posters, Public Service Announcements, Films and Video Tapes (Junior and Senior High, Coaches, Parents, General Public); Resource Lists: National Programs, Spinal Cord Injury Care Systems, Traumatic Brain Injury Care Systems, Injury Prevention Research Centers, Research and Training Centers, Comprehensive Head Injury Prevention and Rehabilitation Centers.

FURTHER INFORMATION:

Yvonne Lopez
Spain Rehabilitation Center - 529
University of Alabama at Birmingham
University Station
Birmingham, AL 35233-7330

COST: Pre-K - 2, $11.00; 3-4, $10.00; 5-6, $9.00; 4 Posters - $2.00 each.

OTHER COMMENTS:

Curriculum for grades 3-4 available for preview/loan from the Injury Prevention Department, Rhode Island Dept. of Health, 277-2901.

EARLY CHILDHOOD

TARGET INJURY: Bicycle

TARGET GRADE: K - 8

DESCRIPTION:

TEACHER'S GUIDE TO BICYCLE SAFETY provides classroom activities to integrate bike safety into language arts, science, and art lesson plans.

SUPPORT MATERIALS:

A video accompanies the lesson plans.

FURTHER INFORMATION:

AAA
David Raposa
501 Centerville Road
Warwick, RI 02886
732-5000

COST: Free copies of Teacher's Guide available from the Injury Prevention Program, Rhode Island Dept. of Health, 277-2901.

OTHER COMMENTS:

Video available free on request from AAA.

TARGET INJURY: Burns

TARGET GRADE: Preschool - 4

DESCRIPTION:

This public education kit, available in English and Spanish contains a teacher's guide about fire safety for ages 3-6 and 7-10, and descriptions of pre-adolescent fire prevention and counseling programs in other communities.

SUPPORT MATERIALS:

Includes resource guide, hand-outs for children ages 3-6 and 7-10, camera-ready print public service announcements, sample press release and letter to a local newspaper.

FURTHER INFORMATION:

John Marshall
Office of Fire Prevention and Arson Control
US Fire Administration (USFA)

COST: Single copies are available at no charge.

OTHER COMMENTS:

ELEMENTARY

TARGET INJURY: Bicycle

TARGET GRADE: 4 - 6

DESCRIPTION:

The BASICS OF BICYCLING program gives students knowledge and skills in traffic-wise bicycling. It encourages development of cognitive abilities, provides a hands-on approach, improves perceptual motor and social abilities. This program requires seven class periods (40 minutes each): two for in-class lessons and five for on-bike lessons. The manual includes specific lesson plans with accompanying video.

SUPPORT MATERIALS:

Materials needed for this curriculum: bicycles, helmets, and props (cardboard boxes) to help create a simulated traffic environment, VCR and TV monitor, Optional camcorders and monitors as diagnostic tools, and lessons in other curriculum areas.

FURTHER INFORMATION:

Bicycle Federation of America
1818 R St. NW
Washington, DC 20009
(202) 332-6986

COST: $49.00 prepaid;
Free copy available to Rhode Island School Districts from Rhode Island Dept. of Health, 277-2901.

OTHER COMMENTS:

Available for preview/loan from the Injury Prevention Program, Rhode Island Department of Health, 277-2901.

TARGET INJURY: Bicycle

TARGET GRADE: 4 - 6

DESCRIPTION:

THE BICYCLE DRIVER'S GUIDE is a 48-page colorfully illustrated workbook with six chapters on choosing, equipping and maintaining a bike, safe bicycling and traffic rules, special traffic situations and bike touring, as well as a section for parents. Helmet use is strongly emphasized.

SUPPORT MATERIALS:

Includes a "What If?" learning activities, puzzle pictures and a cycle crostic which emphasize the message within the text. A 24-page Instructor's Manual is also published.

FURTHER INFORMATION:

Outdoor Empire Publishing Company
511 Eastlake Avenue East
Seattle, WA 98109
Mille Sondles
(206) 624-3845

COST: Single Copy $2.60; 100 plus $.99

OTHER COMMENTS:

ELEMENTARY

TARGET INJURY: Bicycle, Fire, Home, Water

TARGET GRADE: 4, 5, 6

DESCRIPTION:

SAFETY SMART, a Know Your Body module, is a comprehensive health promotion program to empower students with the knowledge, attitude, and experience necessary to make positive health decisions. The KYB program has both core and optional components. The core lessons require approximately 30-45 hours of classroom instruction and are taught by certified trainers.

SUPPORT MATERIALS:

Consumable student activity books and teacher manuals, biomedical screening, extracurricular activities, and evaluation of program impact.

FURTHER INFORMATION:

Kenneth Glew
Comprehensive Health
Rhode Island Department of Education
22 Hayes Street
Providence, RI 02903
277-2651

COST: Primary: Teacher's Guide $35.00; Reader $7.00;
Intermediate Teacher's Guide $40.00;
Student Workbook $4.00

OTHER COMMENTS:

Awareness conferences and curriculum presentations provided free of charge.

CURRICULUM RESOURCE GUIDE
Information Update

Readers are encouraged to share information about additional resources, so that they can be included in the Injury Prevention Program resource files and added to subsequent editions of this guide. Additional information about listed resources, including specific information on their classroom use would also be useful.
